- 3:30-4:30 PM Networking Reception

## SUPPORTING ORGANIZATIONS

# FROM THE PRESIDENT

Thank you to all of those who attended this Chapter's Regional Conference last month in Toledo! This was an event where officers from 13 ASHRAE chapters in Ohio, Indiana, and Michigan went to Toledo to plan for the Region V year.

As we look to start the year, we are beginning to finalize the program year. This starts with the Fourth Annual Bocce Ball Tournament. Every year, we take a Friday in September and plan this great event with the leadership of Frank Mauro. This event is September 14th at the Italian Club (John Pirelli Lodge). Please see our attached flyer for this event and how to register your team.

The Tuesday following this event is our participation in the Dayton Green Expo, at Sinclair Community College (Building 12). We are co-sponsoring an education session and will have a table in the trade show. Please stop by and see us!

On October 8th, we have our first official chapter meeting at the Engineer's Club of Dayton which is a dinner meeting. This will be a Membership Promotion Night, as well as RP Night. This meeting is free to all members AND prospective members.

We're off to a great start and can't wait to see you at one of these events

*Bryan W. Schenck* — President Dayton ASHRAE

## Upcoming Events

# MEMBERSHIP

## **New Members**

The Dayton Chapter is happy to welcome its newest members. If you see them please give them a warm welcome!

**July**

Tom Tappel

David Erwin

## **Do you know a colleague that would benefit from joining ASHRAE?**

You can go to [http://web.ashrae.org/connect\\_a\\_colleague/](http://web.ashrae.org/connect_a_colleague/) and quickly sign up for ASHRAE to send an email to ask them to sign up on your behalf.

## **Membership Recognition**

We would like to recognize the following members who have been with ASHRAE for the following years! Thank you for all your contributions to the field!

**5 Years**

Brad Hess

## **Membership Promotion Committee**

Looking for a way to get involved with your local ASHRAE chapter and meet new people? The membership promotion committee is looking for volunteers to join the committee. The committee's primary responsibility is to recruit new members and retain existing members. If you are interested in serving please contact Jeremy Fauber at JPFauber@heapy.com. Or by calling 937-224-0861

# ASHRAE RP

## ***RP Campaign 2018!!***

***Once again ladies and gentlemen we were very successful in our 2018 ASHRAE RP Campaign Year which ended on June 30, 2018. Our Goal for the Dayton Chapter was \$18,600 and our final tally was \$19,459, thereby finishing 4% over our Goal.***

***Thanks so much to the generosity and forward-thinking donors assuring that ASHRAE Research will continue to lead the way in the quality of life for all Americans as well as the world. Your dollars fund research projects, many of which end up being parts of the ASHRAE Standards, or supporting ASHRAE Standards that then become codes guiding continuous improvement in the built environment.***

***Thanks to everyone! We do not yet have our 2019 Goal, but I am sure whatever it is we will be able smash it as we have done for many years!!***

# ASHRAE News

## Building Energy Conservation Bill Introduced

On July 27, Senators John Hoeven (R-ND) and Joe Manchin (D-WV) reintroduced S. 3295, "All-of-the-Above Federal Building Energy Conservation Act." The bill would require existing buildings that have undergone a major renovation to be 30% more efficient than the most recent International Energy Conservation Code or [ASHRAE 90.1 Standard](#) which is already required by new federal buildings. The bill would also increase energy efficiency in federal buildings by requiring energy managers to implement any energy or water saving measure that is life cycle cost-effective within two years of completing an evaluation. Reps. Buddy Carter (R-GA) and Gene Green (D-TX) introduced H.R. 6584, a companion bill in the House.

## Passes Legislation to Reauthorize Carl D. Perkins Career and Technical Education Program

On July 31, President Trump signed The Strengthening Career and Technical Education for the 21st Century Act into law which updates the Carl D. Perkins Career and Technical Education Program. The Senate passed the bill unanimously on Monday, July 23 while the House unanimously passed it on Wednesday, July 25. The \$1.1 billion program, last reauthorized in 2006, provides funding for job training and related programs for high school students, many of whom may be seeking postsecondary options other than a four-year college degree, as well as for students in higher education. [ASHRAE signed a letter in support of this legislation](#) in June with several other organizations.

GARMANN  
MILLER  
ARCHITECTS  
ENGINEERS

# NOW HIRING

FOR POSITIONS IN COLUMBUS, OHIO AND MINSTER, OHIO
