OF REFRIGERANTS:**
Unitary and VRF Systems

FROM THE PRESIDENT

Thank you to all who attended joint Dayton AIA/ASHRAE breakfast meeting in March. Dru Crawley provided some excellent insight on the data available and the value in building simulation tools.

Our month of April is packed with two very exciting events that we hope you take part in. On April 16th, the ASHRAE Society President, Sheila Hayter will be presenting at the Helix Innovation Center. She'll cover her presidential address, then follow it with her Distinguished Lecturer topic "Integrating Renewable Energy Systems into Buildings". What a great opportunity for Dayton to show a big welcome to the Society President.

Additionally, we will be hosting the ASHRAE Webcast at Heapy Engineering on April 18th at 11:00 AM. Light snacks and beverages will be available.

Lastly, our Annual Golf Outing is coming very quickly. Please be sure to register your group as soon as possible. A few sponsorship opportunities remain available if your company would like to sponsor a hole, drinks, food/lunch, cigars, or additional prizes. Please see Page 5 of this newsletter for the event flyer.
