CHAPTERS 75TH YEAR!**

FROM THE PRESIDENT

We have an exciting agenda ahead as we celebrate our chapter's 75th anniversary. To make this milestone special, we are forming a task force to assist in the planning and execution of our celebration. Your participation and support would be invaluable, so if you're interested in helping, please reach out!

Looking forward, don't miss the 2024 PIVOT Conference, offering 3.5 hours of AIA, PDH, and GBCI continuing education credits. This event is a great opportunity for professional growth and networking with industry leaders.

We were also proud to partake in the Dayton Builders Exchange annual awards event, where over 200 attendees gathered, including Ohio Congressman Mike Turner, Dayton Public Schools Superintendent, and senior leadership from Wright-Patterson Air Force Base.

It was my pleasure to present Chapter Service Awards to Brian Turner and Rick Pavlak. Additionally, our chapter was recognized with a Certificate of Achievement for reaching goals in (RP) Research Promotion. RP is a key element in promoting our industry! A special thank you to Jennifer Eller for her outstanding leadership as president last year.

I also want to extend my gratitude to Matthew Worsham and Brian Mackey for stepping up to serve on our chapter's YEA committee. Your involvement is crucial to the continued growth of our young professionals.

Lastly, thank you to Nathan Lammers for continuously updating our chapter's website and to Sara Sowers, our New CTTC chair, for collaborating with other chapters to organize our meetings.

Warm Regards, *Kevin Strum*, President, Dayton ASHRAE

The [ASHRAE Center of Excellence for Building Decarbonization \(CEBD\)](#) is a key resource for professionals seeking to reduce carbon emissions in the building sector. The CEBD offers a variety of technical resources, trainings, certifications, and opportunities to participate in decarbonization projects. Given that buildings account for about 40% of energy-related carbon emissions globally, the CEBD's work is crucial for driving energy efficiency, electrification, and reducing greenhouse gas emissions in the built environment .

ASHRAE News

The monthly Chapter Notes Newsletter provides important information intended to be shared. These updates are relevant to ASHRAE volunteers as well as content for Chapter/Region websites and newsletters.

We welcome your content submissions for consideration at marketing@ashrae.org.

Chapter Leadership Academy is a crash course designed to simplify the learning curve of all things ASHRAE for chapter leaders. Over the course of a day and a half, attendees will gain a better understanding of how ASHRAE Society functions and obtain useful and practical knowledge essential for honing leadership skills. The program will also include sharing tips and best practices that attendees can confidently take back to their Chapters for implementation. Attendees help shape the discussion, too! A significant part of the program will be based on hot topics and challenges that attendees have identified that they would like to see addressed.

Topics covered include:

- **Creating your elevator speech**
- **Navigating the ASHRAE organizational structure**
- **Understanding all the tools and resources available to help Chapters and their members succeed**
- **Managing effective meetings so that Board meetings and Chapter meetings can run as smoothly as possible**
- **Delegating to and motivating volunteers towards the ASHRAE mission**

NEW! Thanks to generous support from the ASHRAE Foundation, **each region can send up to 4 participants**. Flight, hotel, food, and class materials **are included**. Other expenses incurred are at the expense of the region, chapter, or individual. Notify your DRC or RMCR by **October 11th** if you are interested in participating.

Get Ready to Ignite Your Career!

Join us for the inaugural Women in ASHRAE Leadership Symposium, a groundbreaking event that's not just a conference, but a career-changing experience! Set in the vibrant city of Chicago on the "Magnificent Mile" on September 26-27, 2024, this symposium is the place to be for aspiring and current leaders in the HVACR industry.

Empower, Connect, Innovate!

Dive into engaging discussions, draw inspiration from seasoned professionals, and discover powerful strategies to champion inclusivity for women in our field. This isn't just another industry event; it's a launchpad for your future!

Highlights Include:

- **Real Talk:** Engage in candid conversations about the challenges and triumphs unique to women in HVACR.
- **Empowerment Toolkit:** Gain valuable insights with actionable tools, guidelines, and lessons for success.
- **Mentor Magic:** Connect with mentors who can guide your journey and amplify your impact.
- **Allyship in Action:** Learn how to be an effective ally and sponsor, turning advocacy into action.
- **Emotional Intelligence:** Master strategies for handling tough situations with grace and confidence.
- **Networking:** Forge lasting connections that will propel your career to new heights.

The Adventure Begins

Kick off Thursday afternoon, September 26, with a keynote that will set the stage for an unforgettable symposium. Then, gear up for a full day of transformative sessions on Friday, September 27.

Don't miss out on this game-changing symposium! Mark your calendars, get excited, and be part of the movement shaping the future of women in ASHRAE and the HVACR industry.
