**ASHRAE Oct
Eventbrite Sign Up**

**Helix Innovation Center
40 West Stewart Street
Dayton, OH 45409**

Adam Smith with Airbox America will be presenting on the Indoor Air Quality Procedure (IAQP) and Intelligent Ventilation. AirBox is the leader in indoor air quality solutions, specializing in performance-based ventilation design to enhance building air quality.

His presentation will focus on the energy efficiency and cost savings by utilizing the IAQP as well as equipment that can reduce outside air and improve air quality.

Please preregister for the Helix using this form:

Letter from the President

Hello ASHRAE Folks,

Wishing you all a very pleasant and happy start to Fall. I am looking forward to cooler days and watching the leaves change colors. I know all of our work focuses on the inside of the built environment, but hopefully you all can take some time to enjoy this new season outside. Our region is full of outstanding organizations and locations to enjoy fall weather, so I encourage you to check out one of our amazing Five Rivers Metroparks. My family loves taking walks along trails at Cox Arboretum and Hills and Dales. I hope also to see lots of you at our October Chapter meeting on Air Quality/Intelligent Ventilation, it will certainly be an insightful and interesting presentation. It will be on October 14th at 11:30a-1p at the Helix Center on UD's Campus.

Best wishes!

ASHRAE Chapter President
